DETAILED ACTION

Allowable Subject Matter

Claims 14-17 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding independent claims 14 and 17, the prior art of record fails to teach a method for producing a spark plug comprised of, in part, forming a blank comprising a surface part and an intermediate part, by joining the surface part to the intermediate part by means of explosion welding, wherein the part that is separated from the blank includes both a portion of the surface part and a portion of the intermediate part. Due to their dependency, claims 15 and 16 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
